Non Hazardous according to criteria of Safe Work Australia.

This product as detailed in this SDS is not classified as a Dangerous Good according to the Australian Code for the Transport of Dangerous Goods by Road and Rail or according to the Australian Dangerous Goods Air Transport Council.

Water, Glycerin, Malic Acid, Sodium Citrate, Sodium Bicarbonate, Chitin, Flavour,

First Aid

Swallowed: If swallowed <u>DO NOT</u> induce vomiting. Give a glass of water to

drink. immediate medical assistance or contact the Poisons

Information Centre immediately.

Eye: If in eyes, hold eyelids apart and flush continuously with running water.

Continue flushing until advised by the Poisons Information Centre or

a doctor, or for at least 15 minutes.

Skin: None under normal use.

Inhaled: None under normal use.

<u>Advice to Doctor</u> Treat symptomatically.

Fire/Explosion Hazard

This material is not combustible under normal conditions. However, it will breakdown under fire conditions and the organic component may burn. Not considered to be a significant fire risk. Fumes containing carbon dioxide, carbon monoxide and sulfur dioxide may be formed in large

fires. Keep containers cool by spraying with water to prevent pressure building up inside the drums, causing them to burst.

Extinguishing Media

Use water spray, 'alcohol' foam, dry chemical or carbon dioxide. Avoid using large quantities of water.

Spills

Slippery when spilled. Avoid accidents, clean up immediately. Wear protective equipment to prevent skin and/or eye contamination and the inhalation of mists or aerosols. Wash down area with excess water.

<u>Handling:</u> Avoid eye contact.

Storage: Store under 25 °C, dry and dark conditions, in a well ventilated area.

Keep containers closed at all times when not in use. Check regularly for leaks.

<u>Occupational Exposure Limits:</u> No value assigned for this specific material by the Occupational Health and Safety Commission.

Engineering Control Measures: Natural ventilation should be adequate under normal use conditions. Keep containers closed when not in use.

Personal Protective Equipment:

Eye: Not applicable.

Hands: Not applicable.

Other: Not applicable.

Boiling Point:

Respirator: Use with adequate ventilation.

Always wash hands before eating, drinking, smoking or using the toilet.

Not determined

Wash contaminated clothing and other protective equipment before storage and reuse.

Appearance/Odour: Colourless liquid. pH (as is): 6.5 – 7.0

Melting Point: Not determined Flash Point: Not applicable

Density:@ 25 °C Not determined Flammable Limits: Not applicable Solubility: Miscible Perfume: Not applicable

Volatiles:

Not applicable

Stability Stable under recommended storage conditions.

Reactivity May react with strong oxidising agents.

Health Effects

No adverse health effects expected if the material is handled in accordance with the Safety Data Sheet. Symptoms that may arise if the material is mishandled are:

Acute Effects

Swallowing: This is a personal care product that is safe for consumers

and other uses under intended and reasonably

foreseeable use.

Eye: An eye irritant.

Skin: Not applicable.

Inhaled: Not normally a hazard due to the non-volatile nature of the

product.

Chronic Effects

Principal routes of exposure are by accidental eye contact.

Avoid contaminating waterways.

Minor spills and residue may be hosed down with excess water to trade waste treatment plant

Major spills should be contained, absorbed by sand or earth and placed in sealed plastic or lined drums for disposal

Refer to Waste Management Authority. Normally suitable for disposal at approved land waste site.

Not classified as a Dangerous Good by the Criteria of the Australian Dangerous Good Code according to the Australian Code for the Transport of Dangerous Goods by Road and Rail.
