

# DRY MOUTH

## Review

*"...I was left with dried up salivary glands and a very dry mouth, I was given a sample of Denta - Med Gel to try and haven't looked back... love this product my dentist can't believe how great my mouth hygiene is after using this product for about 3 years. Just recently I tried Denta-Med Dry Mouth Oral Hygiene spray to use and keep in my bag during the day when I'm out and about can't speak highly enough of these products, best of all these products are Australian made."*

*"LOVE, LOVE, LOVE  
this product!  
Denta-Med!!*

*Absolute revolution in Oral  
care... Would I recommend  
this product??*

*YES 11 out of 10"*
